

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

 But love Him more each week and day;
 At death's cold hour O let us frame
 Our loving Jesus' holy Name.

℣. Pray for us, O holy Angel-guardian.

℞. That we may be made worthy of the promises of Christ.

Let us pray.

Almighty and everlasting God, who, in the counsel of Thy ineffable goodness, hast appointed to all the faithful, from their mother's womb, a special Angel-guardian of their body and soul; grant that I may so love and honour him whom

Thou hast so mercifully given me, that, protected by the bounty of Thy grace, and by his assistance, I may merit to behold, with him and all the Angelic Host, the glory of Thy countenance in the Heavenly Country. Who livest and reignest, world without end. Amen.

A PRAYER TO ONE'S ANGEL-GUARDIAN.

O most faithful companion, appointed by God to be my Guardian, my Protector and Defender, and who never leavest my side; how shall I thank thee for thy faithfulness and love, and for all the benefits which thou hast conferred upon me? Thou watchest over me while I sleep; thou comfortest me when I am sad; thou liftest me up when I am down; thou avertest the dangers that threaten me; thou warnest me of those that are to come; thou withdrawest me from sin, and excitest me to good; thou exhortest me to penance when I fall, and reconcilest me to God. Long ago should I have been thrust down into hell, unless by thy prayers thou hadst turned away from me the anger of God. Leave me not, nor forsake me ever, I beseech thee; but still comfort me in adversity, restrain me in prosperity, defend me in danger, assist me in temptations, lest at any time I fall beneath them. Offer up in the sight of the Divine Majesty my prayers and groanings, and all my works of piety, and make me to persevere in grace, until I come to everlasting life. Amen.
